PRESS RELEASE

On Sunday, July 1, 2023, Deputies arrested a couple living in Mona, Utah, and booked them into the Juab County Jail after serving a search warrant on their home in Mona. The arrestee, Douglas Garlick is a restricted person. Deputies recovered multiple homemade explosive devices, explosive-making materials, 16 firearms, ammunition, and over 60 edged weapons that were either commercially purchased or homemade, comprised of axes, swords, knives, etc. Deputies also located drugs and paraphernalia in the home.

Initial contact with Garlick was through a welfare check where Deputies noticed a firearm in Garlick's possession and several knives on a table in the home in the view from the doorway.

The Utah County bomb squad was called to assist with the recovery and disposal of the explosive devices that were found. The devices were disposed of in a remote area North of Mona through a controlled detonation.

KSL.com has released an article written from the booking probable cause statement that can be found by following this link-
